New Book!

International Migration Law

Oxford University Press, Vincent Chetail

The book offers a unique and comprehensive mapping of this growing field of international law. It brings together and critically analyses the disparate conventional, customary, and soft law on a broad variety of issues, such as irregular migration, human trafficking, refugee protection, labour migration, non-discrimination, regional free movement schemes, and global migration governance.

GMC IN THE PRESS

About the Global Migration Centre

The [Global Migration Centre](#) (GMC) conducts advanced [research](#) and provides policy-oriented expertise and [publications](#) on the multifaceted causes, patterns and consequences of global migration. While our primary function is to lead policy and academic research, we also regularly organise [events](#), expert meetings and conferences. Through these various activities, we offer a unique interface between academia, the international community and civil society. The distinctive features and assets of GMC owe much to our focus on the transnational dimensions of migration and its interdisciplinary orientation in order to fully grasp the complexities of mobility in a globalised world.

Why have you received this Newsletter? you may have signed up to the Global Migration Centre's past newsletters or attended an event at the institute. Following RGPD guidelines, if you wish to receive further information concerning the Centre's activities, thank you for updating your [preferences](#). If you do not click on the link, you will no longer be on the GMC distribution list.
